RE SOL
The unfamiliar road could be the same place
RE
You get lost and find yourself
RE SOL
There might be bumps, there might be bruises
RE
But at least you'll have a story to tell
mi-
Time will slip on by if you're stuck in

Living life with too much caution
RE SOL
And I know you know that those wings
RE
They weren't made for walking

si- sol- SOL
Oh, it's safe where you are
LA
But safe only gets you so far

RE SOL
What if you look your fears right in the eye
mi- LA
Say you'll see them another time
RE SOL
What if for once you can find a piece of you
mi- LA
That you've been hiding, you've been hiding
RE SOL
What if you chase your heart up to the edge
mi- LA
Rewrite your stars and be brave instead
RE SOL
What if you jump and defy the fears and live it
mi LA
Like you're flying, like you're flying

Oh my darling, if you try
You just might kiss the sky

Ideas coming to you like a spark
That starts a fire in your mind
But ideas can only burn you
If always keep 'em locked up inside
Time will slip on by if
You're stuck in living life with too much caution
So go out in this world

And get every single thing you ever wanted

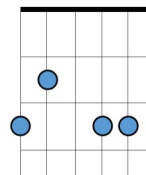

Oh, it's safe where you are
But safe only gets you so far

What if you look your fears right in the eye
Say you'll see them another time
What if for once you can find a piece of you
That you've been hiding, you've been hiding
What if you chase your heart up to the edge
Rewrite your stars and be brave instead
What if you jump and defy the fears and live it
Like you're flying

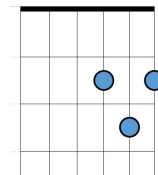

Oh my darling, if you try
You just might kiss the sky

You just might kiss the sky

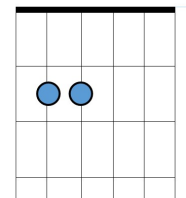

Ooh, you just might kiss the sky
You just might kiss the sky
